This memo is to inform you that the compounds listed below were not able to be validated by USDA's Pesticide Data Program (PDP) and were not analyzed in mangoes during the timeframe of October 2017 through September 2018. These compounds have established U.S. tolerances for mangoes but did not recover through the QuEChERS Multiresidue Method (MRM) employed by the California Department of Food and Agriculture one of two PDP laboratories assigned to test mangoes for PDP during this time period.

Chlorfenapyr Mancozeb Endothall Paraquat Ethoxyquin Phosphine **Pyrethrins** Ferbam Teflubenzuron Glyphosate

Magnesium Phosphide

Please contact the Monitoring Programs Division at (202) 572-8167 with any questions or comments.
